

The Use of **UNIFORMS** for Busy People and **PROFESSIONAL** **STUDENTS**

Unifies our School

Uniforms have always been worn to help identify people. When we see uniforms, our whole community knows you belong here.

Speeds up morning routines

Time management is crucial for busy people. It is the secret how they can handle everything. Uniforms take the stress out of morning routines.

Practical Yet Professional

Polos and slacks are practical yet seen as professional dress staples. You can easily go from school to part time job in uniform.

Saves money & waste!

When you wear a uniform without logos, there's no competition nor "out of fashion" style. You save money by not having to shop as much. Versatile shoe choices also make it easier on your budget when you can wear the same shoes to class, gym and on professional dress days.

Helpful with Prioritizing

Having fewer choices to make has shown to be a happiness factor. When you feel confident and comfortable in what you are wearing, your brain receives a signal to stop looking for "something better," and is content in your choice.

Grooming Rules

Hair - Must be clean, neatly styled, and not obstruct a clear view of the face and eyes. Hair color must be a majority of a natural hair color and may have minor blended color (up to 1/4.) Facial hair must be kept neatly groomed.
