

Hello everyone! My name is Ashley Allen, and I'm the Band and General Music Teacher at Leadership Prep School. I started in 2017 and am so excited for all the years to come! I graduated from Texas Tech University in 2016 with a Bachelor of Music in Music Education and am certified to teach all music levels from Early Childhood to 12th grade. I previously taught both middle and high school band at schools in McKinney and Frisco and I'm looking forward to using those experiences to grow the band program here at LPS!

I grew up in Odessa, Texas with my mom, dad, and little sister. After high school, I moved to Lubbock so I could attend Texas Tech University. Once I got my degree, I moved out here to the DFW area with dreams of teaching music. The schools in this area have an extraordinary history of musical excellence and I was thrilled to join the LPS family. In my free time, I enjoy putting together jigsaw puzzles, watching all kinds of movies, playing challenging video games, spending time with all kinds of animals (ask me about my pets!), and eating all kinds of food. I love teaching and I want to help students succeed more than anything! Thank you for allowing your child to be a part of something as wonderful as the performing arts and I look forward to having them in my class.
